

6 September 1977

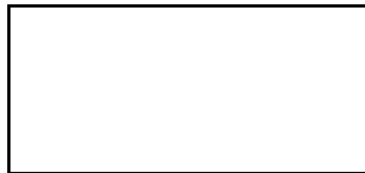

NOTE FOR: ADDCI

Jack:

You will note the transmittal memo for this IG report is addressed to the DCI. I assume, nevertheless, that he expects you to initiate appropriate action on the recommendations set forth. You may wish to send him the report for his information along with a copy of the memo (if you approve it) in which you instruct appropriate action.

Note that I have not made any reference to the problem discussed in the report involving certain aspects of DEA/DDO relationships. The attached spot report seems to reflect good progress on this front.
